Divorcees Want To See Ex-Husbands Drafted

CHICAGO, Sept. 8.—(INS)—Many angry divorcees are doing their best to land their ex-husbands—in the army.

Paul G. Armstrong, Illinois draft director, said yesterday he is getting mail from divorcees who want to make certain their former mates are not still listed as married—and therefore deferable.

Armstrong said the ex-wives "are mostly just plain mad."

Seems as though the webworms of Lawrence county were just waiting for the publicity on their absence, before making their appearance. While they are not nearly as numerous now as a year ago, they have appeared in many parts of the county in the past week or so in noticeable numbers.

Taggart Stadium, New Castle's high school football stadium, providing seating for thousands of spectators, comes to life again tonight, when the high school football team opens the 1950 season. Carrik high is the first opponent for the Red Hurricanes.

Base stone is being placed on Cascade street, between Butler avenue and the Frew Mill road, by workmen of the highway department. Amesite will be poured on the thoroughfare, making a vast improvement in that section. De-slicking operations are promised to be started on East Washington street hill between Court street and Butler avenue.

Keeping Chinese Reds Out Of War, Western Problem

By GEORGE DURNO
(U. S. Staff Correspondent)

WASHINGTON, Sept. 8.—The delicate problem of keeping the Chinese Communists out of the Korean war today presented western foreign ministers with their biggest immediate headache.

A thinly veiled Russian threat did not go unnoticed in official Washington on the eve of the New York meetings.

This came in the UN Security Council when Soviet Delegate Malik warned the western nations they would "have to suffer the consequences" for voting down his condemnation of "barbaric bombings of defenseless civilians" in Korea.

The State Department frankly says it has no indication of the intentions of the Chinese Reds. Should they launch their long-threatened attack on Formosa they would run headlong into the U. S. 7th Fleet.

Hopeful of Avoiding Clash

Washington is hopeful of avoiding this, because such a clash almost certainly would unleash Chinese Communist armies in Korea as well.

For the record, the department has noted that the Peiping regime has protested U. S. policy regarding Formosa to the UN Security Council—and therefore is "bound" by that action "to wait for a specific settlement of the matter."

France Plans More Arrests

PARIS, Sept. 8.—(INS)—French authorities said today that yesterday's sweeping round-up of foreign communist leaders "decapitated" the fifth column in southwest France.

Reliable reports indicate that the security police plan additional arrests before the operation is complete. Almost 300 prisoners, most of them Spanish communists in exile, were taken yesterday and the total is expected to reach 1,000.

The majority of Spanish communist party leaders in southwest France were caught in yesterday's dragnet. However, Gen. Enrique Lister, one of the anti-Franco heroes of the Spanish civil war, is still at liberty. He faces immediate deportation when arrested.

Marines Demand President Remove Secretary Johnson

WASHINGTON, Sept. 8.—(INS)—The Marine Corp League Convention today approved a resolution demanding that President Truman remove Defense Secretary Johnson from office immediately.

At the same time, the Marine veterans organization voted down a resolution demanding the removal of Secretary of State Acheson.

Only one dissenting vote was voiced in voting for the removal of Johnson. On the other hand, the resolution to call for the dismissal of Acheson was supported by only 24 Marine veterans.

The convention also called for immediate rooting out of all Communist sympathizers and left-wingers in government agencies.

Air Force Issues Call For Five National Guard Groups

By DARRELL GARWOOD
(U. S. Staff Correspondent)

WASHINGTON, Sept. 8.—The air force's call to duty of five air national guard groups of three squadrons each today was geared to a belief that months of hard ground fighting lie ahead in Korea. Only troop support outfits, chiefly fighter-bombers, were included in the first units to be designated for duty in the air forces biggest pool of reserve fighting strength.

General Hoy S. Vandenberg, air force chief of staff, announced late yesterday that the guard units will receive their orders in the "near future" and will be given thirty days to wind up their civilian affairs.

Involves 5,000 to 7,500

The orders involve between 5,000 and 7,500 fliers and ground

crewmembers, organized into five air groups of three squadrons each, and will add 300 fighter planes and 54 tactical reconnaissance aircraft to the service's active strength.

Twelve of the squadrons have 25 fighter bombers each, including some jets. These are designed to carry small bombs and rockets and six machine guns to be used in close support of ground troops.

The tactical reconnaissance fliers are trained for short observation and photographing missions under the immediate direction of ground troops in the front lines.

Vandenberg requested newspapers and wire services not to print any "national round-up" of the units being called, but the designation of units may be published locally when they are learned.

Chest Advanced Gift Division Plans For Drive

Seventy workers for the advanced gift division of the New Castle Community Chest gathered at The Castleton hotel Thursday evening to start the division for the coming Community Chest campaign.

William E. Langan, publicity chairman of this year's campaign, acted as toastmaster for the evening. He called upon Rev. A. E. Simon for the invocation.

Abe H. Gonick, president of the Community Chest, told of the importance of the Community Chest. He said:

"It saves time and money; it conducts one drive instead of 12; it supports 12 local agencies and therefore all money collected stays right here."

"No one would care to live in a town without these agencies. They are doing a grand job, and now it is up to us to produce the funds they need."

Explains Chest Goal

Homer D. Choate, campaign chairman, explained the chest goal of \$127,600. This amount was set by the budget committee. It is not what the 12 local agencies ask for, but the minimum they will need to operate during the coming year.

Plan Cutbacks In Civilian Production

WASHINGTON, Sept. 8.—(INS)—The government plans today to order cutbacks in civilian production before the end of the year, making room for expanded output of military goods and equipment.

Key federal officials revealed that the question is being given intensive study in advance of the signing of the Economic Control Bill by President Truman this week.

The president said he will explain his entire economic control program in a fireside chat to the nation Saturday night.

The chief executive plans to deliver the address over the four major networks and at that time will answer categorically questions on price control and other parts of the program.

Personal Yearly Income Rate In U.S. 219 Billion Dollars

WASHINGTON, Sept. 8.—(INS)—The Commerce Department reported today that personal income of Americans climbed for the fourth consecutive month in July to an annual rate of 219 billion dollars.

Little effect on the income situation was felt from the Korean war although the July total was one billion 900 million dollars above June.

The Commerce Department said July was the best month in history except March when veterans insurance payments pushed the annual rate to 222 billion 800 million dollars.

Further, I suggest that you give generously toward the sale of these poppies as the proceeds are contributed to the welfare work of the disabled veterans and the dependent families of veterans.

Rescuers Work To Reach 128 Trapped Miners

Miners In Scotland Caught As Mine Roof Caves In

(BULLETIN)

NEW COMNOCK, Scotland, Sept. 8.—(INS)—Rescue workers dug frantically today to reach 128 coal miners trapped 30 feet below the surface of a New Comnock mine and kept alive by a tiny six-inch air hole cut through mud and slag.

Thousands of persons standing vigil at the pithead were cheered when the trapped men reported every 15 minutes by telephone:

"We are all right. We are getting air."

London reports that 13 men were feared dead apparently were untrapped.

The trapped men were preparing to start a tunnel from their end of the trap to meet rescuers boring from a nearby pit.

Roof Caves In

Heavy rain caused 300 feet of the mine roof to cave in and for a time gas hampered the rescuers.

Eight men who escaped before the cave-in became complete directed the rescuers. They went

Explosion In New Pipe Line In Michigan

BIG RAPIDS, Mich., Sept. 8.—(INS)—A newly installed gas pipeline exploded near Big Rapids, Mich., today and touched off a spectacular fire that could be seen for 50 miles.

The blaze was brought under control by volunteer firemen from several nearby towns after destroying two barns and doing an estimated \$12,000 damage.

The blast gouged a hole 50 feet across and seven feet deep in the earth.

The burning gas lit up the surrounding countryside as it was daylight. Fire Chief Tom Freeland of the nearby village of Paris, Mich., said:

"The light was so bright you could read a newspaper by it."

The pipe was part of a new extension line installed yesterday by the Michigan Consolidated Gas Co., and was being tested under 700-pound pressure when the explosion occurred.

UN Forces Retake Yongchon, East Taegu Gateway

By HOWARD HANDLEMAN
(Far Eastern Director, U. N. S.)

TOKYO, Sept. 9.—(Saturday)—Allied troops fiercely counter-attacked near Kyongju late Friday in an effort to forestall an expected major Red drive to seize that eastern Korean hub and sweep down on key entry port of Pusan.

Eighteen miles northwest of Kyongju, a Communist unit, led by two tanks, broke into Yongchon, eastern gateway to Taegu, but was hurled out by the South Korean forces which recaptured that junction.

The invaders simultaneously unleashed a new flanking drive against Taegu from the northeast and resumed their pressure on the Allied fortress city from the north after stopping American counter-attacks.

A field dispatch from International News Service War Correspondent Irving Levine reported at 10:50 Friday night (8:50 a. m. EDT), that U. S. First Cavalry Division troops were thrown back for a "net loss" after counter-attacking seven miles above Taegu.

Gen. Douglas MacArthur announced in a communique issued at 1:45 a. m. Saturday (11:45 a. m. EDT Friday) that enemy attack in the Yongchow area had "diminished in intensity" and Allied front lines remained intact.

Regain Lost Height

Below Taegu, other North Korean forces overran American outposts positions in the Nakdong river bend, while farther south U. S. Army units regained a temporarily lost height 35 miles west of Pusan.

Rainstorms and low visibility reduced the day's Allied aerial activities almost to the zero point. Sharp ground fighting raged along the 120-mile front where the Reds lost an estimated 56 tanks and thousands of men Wednesday and Thursday.

An Eighth Army spokesman in Korea said that the 80,000-man Red offensive along the north front between Taegu and the east coast appeared to have worn itself out after four days of costly attacks.

China Issue Before U.N. On September 19

LAKE SUCCESS, N. Y., Sept. 8.—(INS)—U. N. Secretary-General Trygve Lie notified Communist China today that its demand for admission to the world organization as the sole legal representative of China will be placed before the General Assembly when it meets on Sept. 19.

Lie, in a cable to Chou En-Lai, foreign minister of the Peiping regime, said he will make arrangements for the Communists only after the assembly approves its administration in place of the Nationalist Chinese delegation.

To Show Sentiment

Lie's message followed by less than 24 hours a security council decision to vote Monday on whether Communist China representatives should be invited to participate in the discussion on the Communist complaint of American bombing of Manchuria.

The vote on this issue could show the prevailing sentiment in the council on whether Communist China should be allowed to replace the Nationalist regime at the U. N.

The failure of the Security Council to approve the seating of Communist China started the Soviet boycott last Jan. 13 which continued until Aug. 1, when Jacob Malik returned to take over the presidency of the council during the debate on the Korean question.

Paul J. Larsen, NSRB civil defense director, is scheduled to outline the federal program at a closed executive committee meeting on the Council of State Governments.

Other NSRB officials, including Eric Biddle, a consultant on atom bomb problems, will confer with Chief Fire Marshal Anthony Mulvaney, Chicago civil defense director, on plans for the city's mock atom bomb exercises September 25 through 29.

Hedy Lamarr Offers Reward For Jewels

NEW YORK, Sept. 8.—(INS)—Movie Actress Hedy Lamarr today offered "a liberal reward" for information leading to the recovery of all or part of her missing jewels which she has valued at \$250,000.

Miss Lamarr reported her loss to police Aug. 26. They were missed two days earlier, police were told, when the actress was staying at the Sherry-Netherland hotel.

The delay in reporting to police was due, she said, to the fact she thought they might have been left at her summer place at Southampton, L. I. They were not.

Hedy consulted for three hours yesterday with detectives, then announced the reward.

Among the missing jewelry is an 11 1/2 carat solitaire diamond ring, valued at \$25,000, a 50-diamond necklace, a three-strand pearl necklace and other rings, earrings and necklaces.

Change Of Address Must Be Given To Collect Bonuses

HARRISBURG, Sept. 8.—(INS)—The State Veterans Compensation Bureau announced today that 633 claimants of World War II bonus payments could collect their checks immediately by sending in a change of address.

The checks, totaling more than \$200,000, were returned to the bureau by the post offices which could not locate the applicants at the addresses given on their original claims.

The address change also is necessary to assure return of original discharges and related papers needed to establish the claim.

Bonus claimants who moved since first application were again urged to notify the bureau of the change in order to guarantee delivery of the check.

(Continued from Page One)

56 of the enemy's 84 new tanks thrown into action only last Tuesday. These included 13 destroyed and 43 disabled in two days.

A briefing officer at Gen. Douglas MacArthur's Tokyo Headquarters warned, however, that the North Koreans remain capable of mounting a serious offensive against Taeju and the Taeju-Pusan supply line as long as they have forces across the Nakdong.

The officer cited enemy claims that a half million Koreans have been recruited into the Communist army. He said Allied aerial observation shows an increasing flow of Red reinforcements to the front, while the U. S. Intelligence Service reports large numbers of enemy re-supplies being committed to battle.

The Tokyo Headquarters spokesman stressed there was no evidence supporting Chinese Nationalist reports that two Chinese Communist divisions are at the Korean Front. The briefing officer emphasized that all enemy war prisoners taken thus far have been Koreans.

The officer said the invaders are building a wooden bridge across the Nam at a point ten miles south of the lower Nakdong river. This might portend another big enemy push along the southern seaboard toward Masan and Pusan.

The miners who made it safely to the surface said they had to fight their way through an area about 100 yards square that was rapidly filling with mud and sludge.

The cave-in occurred about 10:30 last night, two hours before the men were to quit for the night.

King George and Queen Elizabeth, who are staying at Scotland's Balmoral castle, asked to be kept informed constantly of the rescue developments.

Former Hershey President Dies

HERSHEY, Pa., Sept. 8.—(INS)—William F. R. Murrie, 77, a Hershey Chocolate Corporation official for 51 years, died last night at a Plainfield, N. J. hospital. It was announced today at Hershey.

Murrie was a team-mate of Founder M. S. Hershey when the company was started in 1896. He became general manager of the huge chocolate empire in 1903 and its president in 1908, a post he held until his retirement in 1947.

Copper Shortage Hurts Production

GLASSPORT, Pa., Sept. 8.—(INS)—A shortage of copper will force a 30 per cent reduction in production this month at the Glassport works of the Copperweld Steel company.

William J. McIlvane, executive vice president in charge of the wire and cable division, in urging duty free imports for national defense needs, said copper is virtually unobtainable at any price.

He reported small quantities are being offered by speculators at gray market prices as high as 30 cents per pound.

McIlvane warned that further congressional delay in removing all import duties from copper will inevitably cause widespread unemployment in the copper fabricating industry.

He charged that the dilatory attitude of congress seems to stem from a policy of "politics as usual" rather than from an earnest consideration of the need for duty-free copper for national defense.

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRES

SURE-GRIP TAKES A FIRMER GRIP ON SOIL... OUT-PULLS OTHER TIRES

Super-Sure-Grips take a "wedge" grip—squeeze the soil between big, husky, straight-bar lugs that are set closer together at the tire shoulder than they are at the tread center. There's no "plow out" of soil on the sides to lessen pulling power.

SANDERS-DAVENPORT LATE SUMMER RITE

A lovely late summer wedding united the lives of Miss Margaret Sanders and Raymond Alvin Davenport on Saturday, September 2, at 4 o'clock.

Scene of the impressive double ring ceremony was the First United Presbyterian church, with Rev. Robert H. Mayo performing the wedding. Ferns, palms and vases of white gladioli decorated the church altar for the occasion.

Miss Sanders is the daughter of Mr. and Mrs. Clyde Sanders of R. D. 8, Highland Heights, and Mr. Davenport is the son of Raymond C. Davenport of South Irwin street, Sharon, Pa.

Given in marriage by her father, the bride was charming in a gown of white marquisette, featured with pleated bodice and bolero.

Her fingertip veil was held by a crown and she carried a bouquet of white roses centered with gardenias. She wore a pearl necklace, gift of the groom.

Mrs. Robert J. Falen attended her sister as matron of honor, wearing an aqua gown with lace peplum and lace neckline. Bridesmaids were Miss Evelyn Murphy and Mrs. Gerald Higgins.

They were attired in white marquisette over pastel underskirts. Matching sashes were pretty accents of the creations. Each attendant carried a colonial bouquet of seasonal flowers.

Henry English of Youngstown, Ohio, served the groom as best man. Ushers were Phillis Smock of Pittsburgh, and Robert Sanders, brother of the bride.

Mrs. John Love, organist, accompanied Miss Geraldine Robb as she sang "Because," "Oh, Promise Me," and "The Lord's Prayer."

A reception followed the ceremony at the bride's home. The couple later departed for points in New York, and upon their return will reside at 425 East Meyer avenue.

The bride, a graduate of the local senior high school, is employed as a telephone operator at the Lawrence Savings and Trust company. The groom, a graduate of the New Wilmington high school, is attending the South Vocational Bakery Training school in Pittsburgh.

Mrs. R. J. Falen, sister of the bride, entertained the bridal party at the rehearsal dinner on Friday evening at her home on Highland avenue.

**MRS. H. JOHNSON
FETED AT PARTIES**

Mrs. Harold G. Johnson, bride of August 25, was feted at a lovely dinner Thursday evening, when girls of the Youngstown and Bessemer offices of the Bessemer Limestone and Cement company entertained at an inn in New Middletown, O. Mrs. Johnson will be remembered as the former Miss Eileen Gwin.

A miniature bride and groom underneath an archway, decorated with lilies of the valley, centered the table, a color scheme of pink and white being used. Each place was marked with a good luck favor, attached to a silver horseshoe, good luck being wished for the honoree.

After serving, Mrs. Johnson was presented with a lovely gift from the group. Later various games and singing were diversions.

Mrs. Johnson was also honored Wednesday evening, when the choir entertained at a lovely party in Westfield Presbyterian church. The recent bride was the recipient of an attractive gift from the choir members. Later a refreshing lunch was served.

**WILLIAM HAMMONDS
50th ANNIVERSARY**

Open house will be held September 10 from 2 to 4 o'clock at the home of Mr. and Mrs. William Hammond, Newton Falls, O. The date will mark their golden (50th) wedding anniversary.

The couple formerly resided in New Castle, and Mrs. Hammond is the former Edna Harkless. They are the parents of six children, two of which are deceased. There are also ten grandchildren.

Neighbors and friends are invited to attend the affair, as no invitations have been issued.

Governor Dewey Ready To Launch New Campaign

ALBANY, N. Y., Sept. 8.—(INS)—New York Gov. Thomas E. Dewey traveled to Syracuse today after opening a third term drive with the assertion he was ready to defend his administration against Democratic attack "on every street corner in the state."

In a jibing, fighting acceptance speech before the Republican State convention at Saratoga, Dewey asserted that the Democratic candidates were "picked from a telephone book."

He called upon the American voters to tell the Truman administration, through the ballot box, that they are:

"Sick of midnight reversals, sick of policies which invite war, sick of weakness, sick of an administration which in five years reduced America from the strongest power on earth and puts its tanks, ships and brains in mothballs."

Dewey and the GOP delegates left their convention convinced they have a strong ticket and that the Democrats, with a ticket headed by Rep. Walter A. Lynch of the Bronx, have mustered a "weak one."

Rev. Yoder Goes To New Charge

U.B. Pastor To Leave For Bowling Green, O.

REV. T. J. YODER

Rev. T. J. Yoder, who has been serving as pastor of the First United Brethren church, Crawford avenue at Cumberland, has been transferred to the Manville Avenue U. B. church, Bowling Green, O., where he will begin his duties Sunday.

Word of the transfer came to Rev. Yoder at the 118th session of the Sandusky Conference of the United Brethren in Christ church at the Portage camp meeting grounds, Portage, O., August 30-September 3. Rev. Yoder will have the opportunity to work among students, as Bowling Green

is a university town, the Manville Avenue church being located a block from the university campus.

Came Seven Years Ago

He came to New Castle seven years ago. During his ministry here the Bible school enrollment has more than doubled. Mortgages on both the church and parsonage have been paid off. A new annex has been built at the rear of the church to care for the growing number of Bible school pupils and lots were purchased on the corner of Rock and Bellevue avenues for the erection of a new church.

Prior to coming to this city, Rev. Yoder had pastorates at Bucyrus, North Baltimore, Jersey City and Lindsey, O., his charge in this city being the longest of any. For nearly six years he has been broadcasting his morning worship services over WKST.

The Yoders have two sons, Harold Keith and Gary Lee, and a daughter, Kathryn Ann. Their stay in New Castle has been pleasant, and they extend best wishes to their many friends.

Rev. Howard Munn, former pastor of Bethel U. P. church, Lindsey, will begin his new duties September 10 at the local church.

Rev. and Mrs. Munn, who have three children, will move to New Castle next Tuesday.

WASHINGTON CALLING

(Continued from Page Four)

ator Leverett Saltonstall of Massachusetts was headlined, "Saltonstall Repudiates Tobey."

Bridges is, of course, a power in the Senate. He is ranking Republican member of the appropriations committee and, Republican control of Congress would put him in the driver's seat. Some weeks ago the White House summoned him for a conference on the Korean war and foreign policy, with the intimation he would become the alternate to Senator Arthur Vandenberg, long ill, in the bi-partisan approach.

New Hampshire, with its nickname of the Granite State, has been known for its sturdy independence. In view of this it is surprising to learn that Tobey's backers are deeply concerned. But in view of the general trend that appears to work against the "Ins" and in behalf of the "Outs," coupled

with the preoccupation of many voters with other affairs, there may be good reason for their concern over the possible loss of a valuable public servant.

Report Price Rise Is Now Slowing

WASHINGTON, Sept. 8.—(INS)—The Agriculture department said today that the rapid rise in prices that started with the Korean outbreak is slowing, but continuing.

After rising an average of one per cent a week during July, the department says wholesale prices rose only slightly during August.

Wholesale prices of farm products and foods, which rose more than any other commodity groups following the outbreak of war, levelled off in August. But wholesale prices of many industrial commodities continued to advance.

Prices of textiles and building materials rose above the previous high reached in the summer of 1948.

G.I. Home Loans Still Available

Concerning rumors reported circulating that the G.I. Home Loan program is scheduled to terminate in the near future, Blair D. Alverson, secretary of the Dollar Savings Association of this city, makes the following statement:

"Rumors have been circulating to the effect that the popular G.I. Home Loan program is scheduled to terminate in the near future. These rumors are without any basis

of fact. It is true that 100% loans are now not permitted in accordance with the program of the President of the United States to curb inflationary mortgage credit. Likewise it is difficult to secure GI construction loans due to the present shortage of materials and limitation on construction costs.

"Despite these restrictions, it is still possible for any eligible veteran to purchase a home under the GI lending program provided that he is able to make a sufficient down payment which will bring his monthly payment within the limits of his income as required by the regulations."

Rev. And Mrs. Collins Will Go To Arizona

Rev. Earl Collins of R. D. 1, pastor of Bethel Baptist church, along with Mrs. Collins, will leave soon for a ten-day trip to Arizona, where they will attend to matters concerning the Navajo Mission reservation. Rev. Collins is a chairman of the Begay Navajo Mission board, while Mrs. Collins is a member of the board.

Members of the board met on Wednesday at Franklin for a re-

port of the work. Plans for erecting a school on the reservation in Arizona were discussed along with the erection of a windmill for water purposes.

May Consider Ending Of War With Germany

LONDON, Sept. 8 — (INS) — A foreign office spokesman said today that the United States, Great Britain and France next week will consider the possibility of ending the present state of war with Germany.

The measure—which would embrace Soviet Germany as well as the West—was recommended by a French study group.

This body proposed that Western Military Occupation continue until Soviet Russia withdraws from the eastern zone.

The study group decided it was legally impossible to end the state of war with Western Germany alone because war was declared by the Allies against all Germany as an entity.

Oak Street P.T.A. Plans Activities

Executive committee of Oak Street P.T.A. has set up a fine series of programs for the coming season. At their first meeting to be held Tuesday, September 19, their program chairman, Mrs. Joseph Campbell, has arranged a flower and vegetable show.

The flower and vegetable arrangements in the show will be the exhibits of the students of

Oak Street school. At last year's annual show, the exhibits were both novel and artistic. It is expected that this year's display will be larger and better.

Oak Street P.T.A.'s executive committee has selected Mrs. Janet Knapp, teacher at Oak Street school, to attend the P.T.A. School of Instruction, which is sponsored by the New Castle Council of P.T.A.'s.

ATTENDANTS IN FORMAL CHURCH WEDDING

"How many bridesmaids and ushers are permissible in a formal wedding and who should pay for

the bridesmaids' clothes? What type of clothes should be worn at both a morning and an afternoon wedding? Is it essential to send out engraved invitations to a formal wedding or are written notes permissible?"

Answer: The bride-to-be chooses, usually, from two to six bridesmaids and a maid or matron of honor. They are invited to foregather to discuss clothes to be

worn at the wedding, the shades and designs to be approved by the bride. All clothes should be paid for by the wearers unless the attendants are poor and the bride rich enough to assume such expenses without detriment to her purse.

The groom-to-be selects his best man and ushers (usually the same number as the bridesmaids) who

may be relatives of his or the bride's or merely friends having no relationship whatever. Usually, he selects his brother for his best man and his closest friends for ushers, one of whom may be a brother or cousin of the bride. The bride, in return, chooses the groom's sister or cousin to be one of her bridesmaids. All attendants may be either married or single.

At a morning or afternoon for-

mal wedding, the girls should wear full-length dresses of harmonizing shades, matching hats or floral headresses. The men should wear morning clothes (striped trousers, cutaway coats).

Formal engraved invitations should be sent to guests invited to a formal wedding. This is so whether the wedding will take place in the morning, afternoon or evening.

Any stationer will show you samples from which to choose.

Present your problems to Miss Markel who will promptly mail personal replies to questions from readers enclosing stamped, self-addressed envelopes.

Head Of Polk School Speaks

Makes Address At Medical Society Session Thursday

Dr. Gale H. Walker, medical superintendent of the Polk state school, discussed "Treatment of the Mentally Deficient Child" Thursday evening at the first fall meeting of the Lawrence County Medical society. The meeting was held in the auditorium of the Jameson Memorial hospital at 9 p. m. Introduced by Dr. Elizabeth Veach of Overlook sanitarium, Dr. Walker described interestingly the big problem presented to society by the mental deficiency. He gave an outlook on the cost of management of present methods of treating these problems and future plans of research and better handling of the whole problem of mental deficiency.

Dr. Mary Baker Davis presided during the meeting. Dr. T. A. French was elected to the board of directors of the Lawrence county branch of the American Cancer society and this election was approved by the Lawrence County Medical society.

New Members
Two new members were welcomed into the society: Dr. A. G. Marangoni, Jackson street, who was discharged from the U. S. navy, and Dr. Andrew A. Palatka of Ellwood City. The membership of Dr. W. S. Gibson, who practices dermatology, was transferred from Green county to Lawrence county.

The vacancy on the Board of Censors, due to the death of Dr. C. F. Flannery, will be filled by Dr. J. D. Crawford, and the vacancy of district censor will be filled by Dr. P. A. Shoaff.

A discussion will be held after which a social hour took place. Lunch was served. The next meeting on October 12 will be held

jointly with the Beaver and Mercer county societies at the Broadhead hotel, Beaver Falls. A scientific program will be presented at 2:30 o'clock, and the meeting will be concluded with dinner at 6:30 o'clock.

It was announced at this meeting that Dr. W. Gardner of Pittsburgh, president-elect of the Medical Society of the State of Pennsylvania, will be the speaker at the Medical society auxiliary at their next meeting.

Plan Reception For Rev. Fr. Groff

On Sunday evening, September 10, the Parish Council of Trinity Episcopal church will sponsor a reception for the Rev. Fr. Addison E. Groff, the new Curate at Trinity church and Vicar of St. Andrew's Chapel. All members of the Parish and Chapel have been invited to attend this get-acquainted and fellowship evening.

The rector of the parish, the Rev'd. Fr. Ralph E. Hovencamp, will officiate at Choral Evensong in the church at 7:30 p. m. and the reception will be held in the Guild Hall immediately following the service.

Wayne Porter, president of the Parish Council, is chairman of the general committee on arrangements and is being assisted by the women members of the council in the preparation of refreshments and program.

Milk Price Hearing Scheduled For Sharon

HARRISBURG, Sept. 8.—(INS)—The State Milk Control commission has scheduled hearings September 18 at Sharon to air opposition to a September 1 boost in milk prices.

Dealers in the area flatly defied the commission's order. Sharon is included in the Pittsburgh milk marketing area.

The September 1 orders fixed a 20 cent a quart price on milk sold at stores and 21 cents a quart delivered with farmers receiving \$5.35, per hundredweight.

Prior to the order, milk retailed at 19 cents a quart with farmers receiving \$4.78.

The hearing was requested by the Shenango Valley Milk Dealers Association who want the Sharon district set up as Zone 2 of area No. 2 of the Pittsburgh market. They also will ask the MCC to continue in force the prices established before the September 1 order.

The commission said the hearing will be limited to these two proposals.

The dealers contend that higher prices could be ruinous to the milk business in Western Pennsylvania because milk can be bought at much lower prices in nearby eastern Ohio.

Driver Is Fatally Burned In Tractor Trailer Accident

ALTOONA, Pa., Sept. 8.—(INS)—Charles R. Englehart, 43, of (705 North Cherry street) Winston Salem, N. C., died last night in the Mercy hospital in Altoona of burns suffered when a fire destroyed a tractor-trailer truck near Altoona on August 26.

Englehart, a relief driver, was pulled from the flames by Milford Reneger, 27, of Mocksville, N. C., the truck driver, but his condition had been critical ever since the accident.

State police said the truck caught fire when Reneger swerved to avoid hitting an automobile, struck a bridge, jack-knifed and the gasoline tank exploded.

S.S. Legion To Sell Poppies On Saturday

Service Star Legion Inc., No. 178 will hold their annual poppy day on Saturday, September 9.

Members and school children will sell poppies made by disabled veterans on the streets of this city Saturday all day. Money derived

from the sale of poppies will be used for hospital and welfare work.

Service Star Legion Inc., was the first World War Organization to conduct a public sale of poppies on May 1919, and adopted the idea of making it a permanent symbol of the sacrifice of Flanders Field, using it as a means to raising funds for relief and hospital work.

The money from their first sale \$12,000 conducted in Baltimore, Md., was sent to the war orphans and widows in France. In gratitude, Marschale Ferdinand Foch of France in 1919 presented Baltimore Chapter of Service Star Legion, a beautiful French flag.

Five Hundred Out Of Work At Donora Plant

DONORA, Pa., Sept. 8.—(INS)—Approximately 500 workers were idled today at the Donora plant of American Steel & Wire Co. by a two-day strike of about 20 crane-men and machine chargers in the open hearth department.

A spokesman for the U. S. Steel Corp. subsidiary reported no grievance had been filed by the CIO United Steelworkers and the company without official notice of the strike cause. Strikers reported dissatisfaction over pay rates and demanded extra help.

New Packard Cars Displayed In City

Packard for 1951, which will be shown in the city on Saturday promises to bring widespread comment from automobile owners throughout this section who view the distinctively different new car Travers Sales & Service, 420 Croton avenue, will have the fine new creation on display in their show rooms.

A long list of design innovations, including a new line of power, has been incorporated into the 1951 Packard. The new 1951 models represent a \$15,000,000 investment in engineering tools, the company announced. Nine body styles have been created this year. The new Packards are lower longer and roomier than previous comparable models. The new outside dimension, 62½ inches from road to roof and 78 inches wide on the average, emphasize the fleet, hug the road styling of the full line.

Luciano Back In Hands Of Federal Authorities

NEW YORK, Sept. 8.—(INS)—Luciano Ignaro, vice king "Lucky" Luciano's Brooklyn lieutenant who was deported last year as a million-dollar dope peddler, was reported back in the hands of federal authorities today for trying to sneak back into the United States.

The New York Journal-American stated that Ignaro was arrested secretly yesterday by a federal

agent when he arrived in an east coast port to make contact with a big narcotic ring in the New York area.

It was learned, the Journal-American said, that the arrest of the Luciano lieutenant as he set foot on U. S. soil came about as the result of long, patient surveillance by federal authorities.

Hospital Auxiliary Hears Dr. M. B. Davis

Ladies Auxiliary of the New Castle hospital heard Dr. Mary Baker Davis, speaker of the afternoon, speak on "Compulsory Health Insurance" Thursday at their 1 o'clock meeting in the nurses home.

President Mrs. William Strawbridge was in charge of the business session. Fall activities were planned and committees were named to take care of the annual spaghetti dinner to be held at the Cathedral during the last week of November.

Mrs. Paul Forcey was named general chairman, with Mrs. Rose Fazzone and Mrs. Jessie Stenger heading the kitchen and dining room committee. Mrs. Mamie Rocks, chairman of the ticket committee, and Mrs. Fae Pitzer in charge of publicity. A program committee was also named to arrange social activities for the student nurses for the coming year. Mrs. Joseph Moritto was named chairman of this committee.

Mrs. Strawbridge stated that the furnishings and redecorating of the parlor in the Nurses Home had been completed. The auxiliary members were well pleased with the transformation of this room, where the nurses spend many hours of relaxation and also entertain their guests.

A report on the "Magic Home" project was given and revealed that a large number of visitors had viewed the home the first week it was open. It will remain open until September 19, with the auxiliary members acting as hostesses. Mrs. Strawbridge will represent

the auxiliary at the annual convention of the American Hospital Association, which will be held in Atlantic City the week of September 18. Mrs. John Meehan was named alternate.

An informal social period ended the gathering and October 5 was announced to be the next meeting in the Nurses Home at 1:30 p. m.

County Superintendent of Schools Roy F. Conway, Architect W. I. Clark and George Raney of the North Beaver Township School Board have returned from Harrisburg, where they went to confer with State School Authority officials on the construction of the new addition projected at Mt. Jackson.

Plans call for an eight-room elementary school to take care of the growing needs of the district.

County Schools Running Smoothly

All county schools are open and running smoothly, with the exception of the Shegango township schools which open next Monday, County Superintendent of Schools Roy F. Conway stated today.

Attendance figures are not available until the school reports are made at the close of the first month of school, but indications point to a substantial enrollment in the various county schools, particularly in the districts immediately adjoining the city.

While Miss Helen Louise Campbell had charge of the guest book. The three-tiered cake was served by Mrs. Clarence Steese, a close friend.

An evening reception at St. Margaret's hall supplemented the marriage of Miss Frances Wojnar and Joseph Michael Yasher on Saturday, September 2.

Miss Wojnar is the daughter of Mr. and Mrs. Joseph Wojnar of R. D. 1, and Mr. Yasher is the son of Mrs. Elizabeth Yasher of R. D. 1, Pulaski.

Wedding vows were repeated by the couple in St. Mary's church at 9 a. m., with Rev. Fr. Francis McCarter performing the double ring ceremony. White gladioli decorated the church altar for the occasion.

Escorted to the altar by her father, the bride was attractively gowned in traditional white satin, fashioned with a sweetheart neckline trimmed with Chantilly lace. A double row of the same lace edged the waistline. The full skirt ended in a long train, and her fingertip veil cascaded from a crown of seed pearls and rhinestones. Her only jewelry was pearls and earrings, gifts of the groom. She carried a spray of white roses, baby mums, and stephanotis, centered with an orchid.

Miss Jeannie Wojnar, sister of the bride, was maid of honor, wearing a gown of rose satin and taffeta. Bridesmaids were Miss Delores Yasher, sister of the groom, Miss Ann Barabato, and Miss Stella Pilch. They were attired in blue satin and taffeta gowns, styled like that of the maid of honor. Each wore a headdress of satin and flowers, and carried harmonizing bouquets of roses.

Larry Brier served the groom as best man. Ushers included Frank Brier, Ed Yasher, brother of the groom, and Alex Miazec. A local orchestra entertained 350 guests at the reception. The couple later departed for a trip to Niagara Falls and Canada by car. They will reside on Epworth street upon their return.

The bride, a graduate of the Shenango high school, is employed at the Shenango Pottery. The groom, a graduate of Union high school, is attending Youngstown Business college and employed at the Carnegie Steel company.

foods, after completing their round of golf in the morning.

Golfing awards went to the following—flag event winner—Fanny Lautenslager; low net—Irene Perdic.

Next Thursday co-hostesses will be Maude Offutt and Doris Ludwig and some very special events are being lined up for the ladies as they tour the velvety greens and slick fairways, in search of low scores. Play next week will start at 9:30 o'clock.

Scientist Convicted On Charge Of Lying

LOS ANGELES, Sept. 8.—(INS)—One Cal Tech jet propulsion scientist faced a prison term today for lying about past Communist party membership.

A federal court jury yesterday convicted Dr. Sidney Weinbaum of perjury and concealing Communist party membership while he was engaged in highly secret work at the jet propulsion laboratory of the California Institute of Technology.

He faces a maximum penalty of 10 years in prison and a fine of \$20,000. Sentence is to be passed next Tuesday. Trial Judge Ben Harrison revoked the scientist's \$5,000 bond and ordered him jailed following the verdict.

Dr. Weinbaum protesting his innocence said:

The government introduced evidence at his trial he was a mem-

ber of the Cal Tech Communist Unit No. 122 under the name of Sydney Empson.

Sen. McCarran Sees President's Stand 'Colossal Mistake'

WASHINGTON, Sept. 8.—(INS)—President Truman's announcement that he would veto the McCarran anti-subversives bill today was termed a "colossal mistake" that might lose Congress for the Democrats.

Sen. McCarran (D) Nev., author of the sweeping Communist-registration measure, declared: "I think the statement is the most colossal mistake I've ever heard of being made by the president."

"I should be very unhappy to know that the president would veto this bill and not the least of my unhappiness would be the fact that

the people of the country want the bill enacted into law.

"This desire of the people in that respect might be very emphatically expressed in November. Asked if he meant that Republicans might gain control of Congress, McCarran said: "It could be."

Senate debate over the bill, meanwhile, bogged down over side issues—whether the farmers union is Communist-dominated as charged by Sen. Bridges (R) N. H., and whether a rider should be attached to the bill forbidding Marshall Plan countries from sending possible war goods to Russia.

CLAIMS DROP

HARRISBURG, Sept. 8.—(INS)—Claims for unemployment compensation benefits in Pennsylvania dropped last week to their lowest point in two years, the Bureau of Unemployment Compensation announced today.

The bureau reported the 73,000 claims turned in for the week ended August 31 reflected a decline of 6,300 from the previous week. Employment gains in other fields offset layoffs in the coal mining, apparel, confectionery, glass and electrical machinery industries, the bureau said.

TIRES**

are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires.

That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

Trade new miles for old

90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone"—go Goodyear. And for safer driving, get LifeGuard Safety Tubes.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears—the best!

ARLINGTON, Va., Sept. 8.—(INS)—An Arlington couple is going to be married today with the bride wearing the conventional white, and the bridegroom in white also.

The husband-to-be will not be wearing white by choice, however. His costume is composed of band-aids.

The wedding of Miss Harriet M. Mapel, 20, and Weldon W. Mauch, 24, was first set for last Sunday, but three days before the day Mauch suffered serious injuries in a motorcycle accident.

Today's ceremony will be in Arlington hospital, where Mauch is bedridden.

New Restrictions On Gift Parcels Sent To Hungary

Under present Hungarian customs regulations, only gift parcels on which customs duties have been prepaid by the senders in the United States, are considered as "relief shipments" in Hungary, according to information sent to Postmaster William R. Hanna by the postmaster general.

Such parcels are delivered to the addressees without collection of customs duty and without the necessity for an import permit. The U. S. Relief Parcel Service, Inc., 1220 Second avenue, New York 21, N. Y., is authorized by the Hungarian government to collect the duty, which the senders pay to that firm before mailing their parcels.

Duty is charged on the weight of each parcel, in units of \$1.50 for each five pounds or fraction thereof. The firm then sends the mailer one or more "duty exemption" stickers to be pasted to the wrapper of each parcel.

Content Restrictions
At least 80 per cent by weight of the contents of each duty-paid parcel must consist of used clothing.

ing, including footwear, and not more than 20 per cent may be new clothing or foodstuffs. Coffee, cocoa and tea are limited to one pound of coffee, one-half pound of cocoa or one-quarter pound of tea, which may be included among the foodstuffs sent in parcels weighing between 40 and 44 pounds only.

Such packages may not contain any nylon articles, either new or used, yard goods, jewelry, or other luxury items, books or printed matter, narcotics or any article intended for sale.

Parcels mailed without the above prepaying of duty, even though gifts, are subject to customs duty in Hungary, and if not paid for by the addressees, will be treated the same as undeliverable matter. The addressees must also secure import permits the same as for commercial items.

The only exception is medicines which do not contain narcotics, sent as gifts, which will be delivered free if the addressees submit to the Hungarian customs authorities a certification that they are

without means and that the medicines are needed by themselves or their families.

**Mother Throws Sons
From Fifth Floor
And Then Leaps Out**
BOSTON, Sept. 8.—(INS)—A de-

pressed Boston mother threw two of her children from her fifth floor apartment to the sidewalk below Thursday—killing one—and then plunged to her death after them. Victims were Mrs. Martha Fairburn, 28, Texas-born wife of George Fairburn, and her son, Lance, 7. The other son, David, 2, was taken to City hospital in critical condition with a possible fractured hip and internal injuries. The tragedy occurred a few

minutes after the husband, a hotel elevator operator and part-time musician, had left for a corner store to call his mother in Lowell to report his wife's condition.

Flying Saucers Again Reported

DuBois, Pa., Sept. 8.—(INS)—Flying saucers are back and 80 members of the 229th Field Artillery, Battery A, saw one.

Capt. Bill Wescoat, battery commander and former editor of the Reynoldsville, Pa. Star, said his men spotted the object while taking a break from drills at the DuBois airport.

The artillerymen, familiar with long-range targets, said it was a rotating object with a metallic finish. It flew at about 4,000 feet and left a vapor trail, they said.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

TEACHERS, TOO, ARE HUMAN
In another week or so, now, our children will be marching off to

school. Whether or not it will be a good year or a bad one depends a great deal on their teachers.

Like the rest of us, teachers are human beings. Living with thirty or more children day after day is no easy task. Anything that parents can do to give a helping hand is welcome.

Most of us parents appreciate a friendly word from our young hopefuls. Many a mother has had her spirits buoyed up for weeks because a thoughtful teacher mentioned how well Jimmy had been doing with his reading, or Susie with her arithmetic. Equally welcome is a note suggesting that we might like to drop around and see the fine town that Robbie and his friends have been building in the corner of the room. But, it should be repeated, over and over again—teachers too, are human and thrive on appreciation as much as do we. If we stop and think how well our youngster is getting along and let his teacher know we realize her attitude and

friendliness has helped him grow, it will mean a lot to her. Many a teacher is lonely in a new community and gestures of friendliness are most welcome. It costs nothing to be thoughtful of others!

METER SAVING

LOS ANGELES — When water meters were installed here, daily water consumption per person dropped from 260 to 132 gallons. Engineers believe the 128 gallon drop represented waste and leakage.

DELAYED BUILDING

WASHINGTON—The Washington monument was started in 1848, but because of financial difficulties, it was not completed and ready for dedication until 1885.

THRIVING STATE

BRUSSELS — Belgium is both one of the world's most highly industrialized countries and one of the most productive agricultural regions.

Try And Stop Me

By BENNETT CERP

Dr. John Haynes Holmes was striding briskly down Park Avenue one bright Sunday morning when an old parishioner hailed him, and asked, "How are you feeling today, Doctor?" Holmes beamed and answered, "Just preachey."

To emphasize the extraordinary self-possession of Emily Kimbrough, they tell a story about the day when her twins, then aged nine, fell into a deep well in the garden. The nurse went into a panic, but Miss Kimbrough just walked into the library and reached for a copy of "How to Bring Up Children."

Sid Shalit, who makes a specialty of checking up on gags and wisecracks used by radio comedians, caught no fewer than six of them trying the same line in a single week! It went, "I learned to dance with Arthur Murray. Then

I discovered it was more fun with girls." (Copyright, 1950, by Bennett Cerp. Distributed by King Features Syndicate.)

Will Consider Continuance Of City Wage Tax

There may, and may not, be a wage tax in the city of New Castle in 1951. The decision depends upon what action council shall take when they complete the estimated appropriations for operating the city in 1951. Budget compilation will begin in early October.

Some of the city fathers point out, that:

The purpose of the city wage tax was largely defeated when township imposed a wage tax, and also by the reported intention of the city school board to collect 5 mills in 1951, instead of the average 3½ mills now being paid out, out of the city's collection of 10 mills.

Previous to the imposition of the wage tax in the city, the property millage was 15 mills. When the tax was imposed, the city cut the property millage to 10 mills.

Increase Property Tax?

Should the wage tax be abandoned, it may be necessary, according to some councilmen, to levy a property tax millage of 20 mills, which they point out will exceed the 10 mills property and wage tax now paid by residents.

The city is required to turn over to townships the wage tax collected from wages paid by township residents. It is also required now to pay an average of 3½ mills

to the school board. Incidentally, the school millage has not been changed, despite the collection of the wage tax.

Lewis A. McClung, receiver of wage tax, was asked: "What is the amount the school board will receive from the 3½ mills?"

"I don't know, and won't know until June 1951," McClung explained that of the amount collected by the city in wage tax, the bureau sets aside a certain percentage for distribution against the final adjustment, believed due to townships and the school board.

Can Collect 10 Mills

State law provides that the highest amount collectable by the city in wage tax is 10 mills.

It is payable where an employee in the city lives. He may work in New Castle, but the tax is payable to the township in which he resides.

Shapely Female Form Perplexing Police

CHICAGO, Sept. 8.—(INS)—Two Chicago policemen have a shapely female form on their hands—and they don't know what to do with it. Patrolmen Ray Curran and James Granahan answered a re-

port last night that "a nude woman is under an auto." They found two feminine legs protruding from under an abandoned truck in an alley.

They pulled—and decided that someone was pulling their legs. What emerged was a headless display dummy clad in an old green dress.

The officers delivered it to a

police station, where an angry sergeant roared:

"Get that thing out of here. Bodies belong in the morgue."

But the morgue also refused to accept the "body"—and the officers are afraid to return it to the alley. Someone might call the police again.

New Castle High Meets Carrick in Grid Opener Tonight

Red Hurricane Team Ready After Intensive Training

Coach Phil Bridenbaugh will unveil the 1950 edition of the New Castle High school Red Hurricane football team tonight at Taggart stadium with Carrick High school of Pittsburgh providing the opposition. Kickoff time is 8:15.

"Bridey" will be beginning his 29th season at the helm of the Red Hurricanes, who have run off the WPAL championship for the past two years.

Tonight's game is the opener for both teams and just about anything could happen. Only one player on each team was in the starting lineup when the two teams met a year ago.

Tate Back Again

Bucky Tate was at the left tackle post for New Castle that night, as was Glick for Carrick. Tate will again be at left tackle tonight, while Glick has switched to the other end of the line.

Ray Latsko also saw quite a bit of action in last year's game, though he was not a starter. He scored the tying touchdown on a line buck. Only other New Castle player on this year's team to see action in last year's game was John Sansone.

Avery, Healy and Johnson saw quite a bit of action for Carrick, though they weren't starters.

The Red Hurricane squad has been working hard for this game. Coaches and players have a lot of respect for Carrick after last year's game.

Backfield Set
New Castle backfield is pretty well set with John Roussos at fullback, Ray Latsko at wingback, Ralph Johnson at tailback and John Sansone calling the plays.

Other backs that should see action are Guy Amodei, Wilbur Foyt and Torrance Rankin. Ray Latsko has also been working out at fullback and may see some action from that position.

Any member of the backfield can pass, while John Sansone will handle the kicking chores. The team will again use the combination T-formation-single wing.

Probable Line
On the line it will probably be Bill Book at left end, Bucky Tate at left tackle and Paul Bober at left guard. Sam Medure gets the nod at center. Sam Perrino will go at right guard, Danny DeFalco at right tackle and either Sonny Cook or Hugo Fiorante at right end.

Joe Marinelli, who started out the training season at right guard, will probably not see action, though he has been doing more work each day.

Other linemen that may see action are Fred McClain, Paul Buckner, Mendall Kahner, Bob Shello, Steve Belancin, Lee Michael, Anthony Marino, Chuck Mangino and Sam Hanna.

Carrick boasts one of the better teams in Pittsburgh year after year, and last year, when it gave

Ellwood Opens Season Tonight

Erie Strong Vincent At Lincoln Hi Field

Ellwood City high school opens its 1950 football season tonight with Erie Strong Vincent at Lincoln high field at 8:15.

Only five regulars from last year's team will be back on Coach Dutch Croft's team for tonight's game. They are Tom Burns, end; Tom Biscaglia, guard; Frank Wolf and Pete DeCaro, tackles; and Carl Tammaro, quarterback.

Strong Vincent is reported as having one of its better teams this season. Larry Raymond, Bill Cerrona, Ralph Barboro, and Alex Clemente make up an all-veteran backfield.

Clemente is reportedly a powerhouse at fullback, while Ralph Barboro has been running very well. Carmen Bianco was all-city guard for Vincent last year and will be back with the team this year.

In last year's opener Strong Vincent edged Ellwood City 7-6 at Erie.

Church Golf Playoff Winds Up In 6-6 Tie

First U.P. and First Methodists wound up their playoff for the Church Golf league championship in a 6-6 tie. Final matches of the playoff were completed Thursday evening.

Nine-hole matches will be played to determine the championship. Three matches are scheduled for tonight at Castle Hills golf course.

Cementers Meet Double A Foe

Jump Out Of Class To Meet Rochester

Bessemer and Rochester will face each other across the gridiron for the first time tonight, when the two tangle at the Ram field at 8:15.

Bill Ciccone, Bessemer coach has indicated that some starting positions are in doubt but is solidly set in his offensive backfield.

DeRosa, Commesso, Perzullo, and Schaville will lead the attacking forces and Al Livoring will replace Schaville defensively.

The terminal positions will be manned by Soldo and Gagliana, with Shuluga and DeArment to line up at the tackles. The guard positions will be filled by either Pastelle or Galletta, and Novad, Mike Lucere will start at center.

Rochester is depending heavily on seven returning lettermen, four of them first string linemen from the 1949 squad. The Rams had been training at Clarion State Teachers college and are ready for their ten-game card. Coach Mike Sebastian lost a dozen stars from last season but looks more promising in weight and reserve power than 1949.

Herb Churchill Cools Off Tigers; Danny Dondero Slams Home Run; Becka Will Face Foytack Tonight

New Castle's hit-happy young Senators, ride the drivers seat today, in the playoff series with the Butler Tigers, as a result of their second straight, stunning 12 to 3 crushing of the Tigers, at Flaherty Memorial Field last night, in the third game between the two teams.

The Senators lead in the series two games to one, and tonight may end the playoffs, for the right to meet the victorious Oil City Refiners for the league championship. Oil City made it three in a row over the Erie Sailors last night, 12-8. Game time tonight is 8 o'clock.

Herb Churchill was master of the Tigers last night, as he set them down by superb pitching on nine scattered hits, easing up in the latter innings with a 12 to 1 lead. Butler used four hurlers last night, Van Derzee, Haven Pelot and Wulf, to no avail. The Senators led by Danny Dondero, who hit a terrific inside the park homer in the third with a mate aboard, lambasted the Tiger choppers for 11 hits. Vizzini having two, and Bilo two.

Famiglietti and Ackerman drove in five runs between them, with Horne and Mouton accounting for the other driven in runs, on walks and hits. Dondero batted in three runs.

Tonight Manager Chuck Cronin has nominated George Becka to do the Senators hurling, and Butler will counter with their ace Paul Foytack who won the opening game in a duel with Frank Wagner.

Disappointing Crowd

There was a disappointing crowd of 725 at the game here last night. It wasn't the weather either, as it was a fine night for baseball. The same prices prevail as for the regular season, 75, 50, 25 and \$1.00 for box seats.

The Senators have regained the confidence that kept them at the top of the league for nearly two months. The Senators the past two nights have looked like the Senators of a while back, full of poise both infield and outfield.

The Senators are deserving of far better support than they have been accorded here.

Big First Inning

In the first Joe Pendleton got a life when Vizzini threw wild to Churchill but Kemp popped up and Falk and Komisarck fanned. New Castle started out strong. Vizzini singled to Komisarck, a bum.

Bilo was hit on the hand by a pitched ball. Van Derzee wild pitched them to third and second. Eikenberg walked to load the bases. Famiglietti walked to force over Vizzini. Tigers Only Percentage Points Ahead, Phils Lose

NEW YORK, Sept. 8.—It's true what they say about cats having nine lives, especially large striped cats called Tigers. That's Detroit in first place in the American League again today.

Red Rolfe's rubbery crew, which has bounced back more times than Benedict Arnold's personal check, held a lead of two percentage points over the dwindling New York Yankees this morning while Boston stood a game and a half and Cleveland four games off the pace.

Losing of five straight, the Phils now lead the National by four and a half games, with the Brooklyn Dodgers still breathing brimstone at their ankles.

To assemble that granny knot at the head of the American League ladder, it took a 10-8 Boston victory over New York yesterday coupled with a garish 13-13 Cleveland-Detroit tie, called after ten innings because of darkness.

Yesterday's Indians-Tigers tie

will be replayed as part of a doubleheader at Detroit Sept. 30, next-to-last day of the season.

Elsewhere in the American League, Dick Starr shut out the Chicago White Sox as the St. Louis Browns won, 6 to 0, and the Philadelphia A's dunked the Washington Senators, 4 to 2.

In the National, it was another 3-to-2 Dodger win over the Phils. The Boston Braves beat off the New York Giants' bid to supplant them as third placers by scoring six runs in the seventh inning—including Bob Elliott, Sam Jethroe and Sid Gordon homers—to win, 6 to 4, for Vern Bickford's 19th pitching nod.

Another 6-to-4 verdict was the ten-inning success of the Cincinnati Reds over the Pittsburgh Pirates. Ralph Kiner's 43rd circuit shot for Pittsburgh carried the game into overtime.

Two-hit pitching by Bob Rush enabled the Chicago Cubs to break a seven-game losing streak. They set back the St. Louis Cards, 4 to 2.

North County Vets Go Ahead In Series, 2-1

Defeat Pulaski, 4-3; At Pulaski Tonight

No. 5 Vets went ahead in their North County Baseball League championship series two games to one by defeating Pulaski 4-3 Thursday evening at No. 5 Mine.

Hedegore was the winning pitcher. Yarietta the loser. Zambino and Boger hit home runs for the winners. Boger also hit a double and triple, as he connected for three of the five Vets hits.

The two teams will play the fourth game of their series tonight at Pulaski.

Score by innings: R H E
Pulaski 003 000 0—3 7 3
No. 5 Vets 301 000 2—4 5 1

Two-base hit: Boger. Three-base hit: Boger. Home runs: Boger, Zambino. Bases on balls: off Yarietta 3, off Hedegore 4. Struck out: by Yarietta 4, by Hedegore 6.

HERB CHURCHILL COOLS OFF TIGERS

(Continued from Preceding Page)

Vizzini bounced to Falk who threw to Miller. Miller let the ball get away and Stuckert fielding it, threw the ball into the dugout and Churchill scored, with Vizzini mov-

ing to third. Bilo walked. Eikenberg looked at the third strike. In the seventh Pendleton singled and scored on Kemp's double to left. Falk walked. Komisarek hit to Mouton but his throw was too late to catch Falk but the throw to first caught Komisarek. Adcock walked but Miller forced him.

In the last of the seventh Vizzini and Bilo singled to right and Eikenberg walked to load the bases. Famiglietti hit into a double play as Vizzini scored. Ackerman walked. Horne singled to left to score Bilo. Mouton flied to Pendleton.

In the eighth Stuckert fouled

out. Dorsey singled to left. Olexio batted for Pelot and fanned. Pendleton singled to center. Kemp walked to load the bases. Falk singled Dorsey and Pendleton home with a blow to right. Komisarek lifted to center. Jerry Wolfe went in for Butler in the eighth. Dondero and Churchill popped up.

Vizzini drew a walk. Bilo also walked. Eikenberg fanned. The Tigers went down in order in the ninth.

Willie (Puddin' Head) Jones of the Phillies hit five home runs in the first 10 games against Dodger pitching this season.

Babson Gives Opinion On House Building In Nation

By ROGER W. BABSON
(Copyright—1938—Publishers Financial Bureau, Inc.)
NEW BOSTON, N. H., Sept. 8.—Many people ask me what I think of the present housing boom, how long it will last and whether it is wise to buy or build new homes now. Briefly, these are my conclusions.

Why the Current Boom?
During the first seven months of 1938, nearly 800,000 new non-farm dwellings were started in the United States.

In July a new monthly record of 144,000 units was chalked up. What is the reason for this unprecedentedly high volume of new home construction? The answer can be summed up in just two words: easy credit. Of course, there are other factors, but it is this ready availability of mortgage loans guaranteed by the government which has created and sustained the housing boom.

What Is Wrong?
Government pump-priming is not bad in itself. In a complicated and highly industrialized economy such as ours, it may become a necessary device in the promotion of our national interest. However, I am opposed to the abuses of pump-priming. The powerful Housing Agency is fostering today's dangerous housing boom. Through its easy credit terms, it is encouraging individuals to discard the principles of industry, thrift and resourcefulness which have made our nation great.

Easy mortgage loans are of dubious value if you take a long range viewpoint. They can prove disastrous following times like these when wages and prices are on an artificially high basis. I am greatly disturbed when I see young people getting involved in operations and commitments that can be justified only if these extremely favorable business conditions should persist. Some will lose the new homes which they so proudly and so easily acquired. Others will be able to keep them only at the price of difficulties due to expecting something for nothing.

Buy Larger Houses
Another aspect of the housing situation which distresses me is the size of the majority of the new houses now being built. In their zeal to keep costs at or near \$20,000 per unit, builders seem to have concentrated on too small houses, many of which have only four rooms. Certainly these latter are not very practical for family living in the American tradition. Nor will they have a very good resale value.

G. I.'s and others, lured by the bait of no, or at best a small, down payment and the promise of easy mortgage terms, should take time to think of these purchases in terms of future needs and future values. Perhaps if they were required to proffer a substantial down payment, as were

their fathers, they would be more discerning and more practical.

What Should We Expect?
A sharp decline from the present peak activity in home building now appears imminent, owing to the Korean trouble. However, I believe that the accumulation of deferred demand would have been satisfied before long anyway. Recent tightening of federal housing credit and a very material increase in government stockpiling of strategic materials should hasten the return to a more normal market in new home construction to provide for our expanding population.

It is probably that the present scarcity of housing in our larger cities may suddenly turn into a surplus. The day may not be far off when it will be difficult to sell some of these city units at any price because of the possibility of their being bombed and because of high city taxes and living costs. Also remember that today there is a home to every 4.1 persons; while the previous saturation point came in 1930 when the people were satisfied with one home for each 4.4 of population!

Don't Overlook Small Cities
I would not buy a house today in any of the larger cities of the United States unless it was essential that I live within the limits of one of them. Big city property valuations are too vulnerable. Yet I would not hesitate to build or buy a house for my family's use with a 30 per cent down payment in the better sections of most small American communities. I am convinced that the population trend away from the larger cities will continue, thus decreasing big city real estate values.

It also may be that an older type, well-built house in the best sections of these smaller cities is a better buy than a new house in the present crazy market. You may pay more for such a house than it originally cost to build, but you will be getting it for about half of what it would cost to build today.
